

Information Evening

Zoetis is a leading animal health company dedicated to supporting its customers and is a world leader in developing, manufacturing and marketing medicines and vaccines designed to meet the real world needs of veterinarians and animal owners

This clinic will hopefully cut thru the myths and confusion surrounding horse health

Topics that will be covered are

- **Infectious diseases and protocols** – why risk a disease when you can control it
 - Tetanus
 - Strangles
 - Hendra
 - Equine Herpes Virus

- **Strategic Worming** It is essential that horse owners understand the importance of a good worm control strategy
 - **Types of internal parasites**
 - **How to effectively manage parasites** -Tips on pasture management
 - **Diagnostic tests – Faecal Egg Count - See below about our guest diagnostician**
 - **Key planning** – effective management
 - **Treatment information**

- **Expert advice** - offering a suite of interactive online tools, tips and advice
 - **Health4horses & iPhone app**

Faecal Egg Count offered
by Bec Duncan

Guest diagnostician - Bec Duncan

We have invited Bec Duncan who runs her own Faecal Egg Count (FEC) business as a guest and she has offered a great deal for all attendees... Bec will be offering her services for \$7 per test (per horse) for tonight only ... so bring a sample of your horses faeces in a sealed zip lock bag together with your name, address, mobile telephone number and email address and Bec will get back to you personally within the week with your horses' FEC ...

www.zoetis.com.au and www.ceva.com.au and

Do come and join us for a fun filled evening of discussion, question and answers on the above topics – Adele from Zoetis and Bec will be happy to answer any of your questions

Even if you think you are on top of your vaccinations and worming - do come and look, listen and learn

- **Saturday evening 5th November 2016**
- **4 30 for a 5pm start**
- The cost of the clinic will be **\$27.50 per adult and \$17.50 per child** - this will include a light meal, cold drinks and tea and coffee
